Skills

HTML

CSS3

JavaScript

— AJAX, Vanilla, jQuery, minimal experience in React Native

PHP + MySQL

— Native, Codelgniter 3

Profile

Web developer with 2 years of working experience. Eager to learn more about my chosen profession and apply my skills. Adaptable, committed, and highly motivated. Makes sure to be articulate and precise. Able to work under pressure, multi-task, and juggle multiple projects while meeting deadlines and requirements.

Experience

eLearning Systems Inc.

Sep 2017 – Feb 2020

Web Developer

- Packaged lesson content for deployment
- Developed different file handling modules to existing applications using **React Native**, **PHP**, and **Server-Sent Events**
- Updated non-responsive parts of the company web app to responsive
- Worked with other team members for improvements and fixes to problems in both front-end and back-end
- **PrestaShop** configuration for **triniactive.com**, an online shop for women's activewear

UCPB GEN

Jun 2016 – Feb 2017

Intern

- Provided technical support for employees
- Developed "OSTicket", a ticketing system with a spreadsheet generation module, and a CTPL Application using **Codelgniter 3** with **PHPExcel**

Education

FEU — Institute of Technology

B.S. Information Technology with specialization in Web and Mobile Application
P. Paredes St. Sampaloc, Manila
